

(28118) Vaux = 1998 SR₅₇

Discovered 1998 Sep. 17 by the Lowell Observatory Near-Earth Object Search at the Anderson Mesa Station.

Henry Vaux (b. 1940) published a photographic book in 2018 "Legacy in Time" which took 20 years to complete. He also served for 10 years as Associate Vice President at the University of California System. Henry has served on Lowell Observatory's Advisory Board for many years, giving generously of his time and talent to further Lowell's mission.

Semimajor axis	2.16 AU
Eccentricity	0.209
Inclination	3.02 deg
Diameter	≈ 1 km
